COMMENTS

NO. 4 DEPT.: City Manager's Office

CONTACT: Marcus Serrano, City Manager

AGENDA ITEM: Public hearing to amend Rye City Code 167 "Streets and Sidewalks".

DATE: July 20, 2018

FOR THE MEETING OF:

July 26, 2018

RYE CITY CODE, CHAPTER SECTION

RECOMMENDATION: That the Council open a public hearing to amend Rye City Code 167 "Streets and Sidewalks" regarding pavement requirements after road openings and required deposits.

IMPACT: 🛛	Environmental	🛛 Fiscal 🗌	Neighborhood	Other:
-----------	---------------	------------	--------------	--------

BACKGROUND: The amendment would require a more comprehensive restoration of City streets after the completion of road openings and required deposits.

Please see attached.

CITY OF RYE LOCAL LAW NO. 2018

A local law to amend Chapter 167-12 "Resurfacing" of the Code of the City of Rye by amending Section 167-12C, as follows:

Be it enacted by the City Council of the City of Rye as follows:

Section 1: Chapter 167 Streets and Sidewalks

§ 167-12. Resurfacing.

C. Asphalt/composite pavement.

(1) Asphalt concrete surface on existing concrete base.

(a) Prior to the replacement of the asphalt concrete surface, the subgrade shall be properly prepared and a reinforced concrete foundation of required thickness and proportions shall be placed thereon, all in accordance with the requirements of concrete pavements outlined before.

(b) The existing asphalt concrete pavement shall then be neatly cut back a distance of not less than six inches from the edges of the new concrete or binder foundation. The entire foundation so exposed shall be thoroughly cleaned in an acceptable manner and a new asphalt concrete pavement surface of approved type and thickness shall be placed thereon and rolled in an acceptable manner by the permittee.be restored in accordance with subsection 2 Asphalt Concrete Pavement, below.

(2) Asphalt concrete pavement. <u>All final pavement restoration limits shall follow the guidelines</u> depicted in the minimum pavement restoration limits diagram as adopted by the City Council, and amended from time to time. The minimum pavement restoration limits diagram shall be maintained by the City Engineer. The edges of all trenches shall receive a liberal application of asphaltic emulsion to seal edges. In patching existing asphalt concrete pavement, the permittee shall cut back the existing pavement a distance of not less than one foot beyond the edge of the excavation and to a minimum depth below the top of the existing pavement as follows:

Heavy duty streets.

[1] The streets listed below shall be patched using a base of either seven inches reinforced concrete (3,000 psi with six inch by six inch welded wire fabric) or nine inches of asphalt binder (New York State Type four binder). The top of either base shall be two inches below the existing pavement. A two-inch layer of asphalt pavement (New York State Type 6F) shall then be placed over the base course and shall be cut back six inches beyond the base course on all sides.

Heavy Duty Streets (asphalt construction) Apawamis Avenue Bradford Avenue

Cedar Street **Central Avenue Dearborn** Avenue Elm Street Forest Avenue **Glen Oaks Drive** Grace Church Street Hewlett Avenue Hillside Road Kirby Lane **Manursing Avenue** Manursing Way **Oakland Beach Avenue** Osborn Road Peck Avenue Purchase Street Purdy Avenue School Street **Theall Road** Van Wagenen Avenue

[2] The streets listed above may not be asphalt through their entire length, some areas may have concrete base, in which case these areas shall be restored in accordance with the requirements of concrete pavements outlined hereinabove.

(b) Light duty streets (asphalt construction). Light duty streets shall be all other streets not listed above and shall be patched using a base of either four inches of concrete (3,000 psi) or four inches of asphalt binder (New York State Type 4 binder). The top of either base shall be two inches below the existing pavement. A two inch layer of asphalt pavement (New York State Type 6F) shall then be placed over the base course, and shall be cut back six inches beyond the base course on all sides.

D. All asphalt patches shall be sealed using hot-joint sealer on all joints formed between old pavement and new work.

E. Other surfaces. Any other surfaces disturbed by reason of the work performed under the permit shall be restored by the permittee as directed by the City Engineer.

F. It shall be the duty of the permittee to guarantee and maintain the site of the excavation work in the same condition as it was prior to the excavation for two years after restoring it to its original condition. G. Work may be done by City. The City Engineer may, at his discretion, cause any or all of the work contemplated in this article to be done by the City's own forces, or by contract or otherwise, in which case the City shall be reimbursed for any expense incurred thereby in accordance with the provisions of § 167-7D of this article, and the permittee shall have no claim against the City for loss of anticipated profits or for any other losses by reason thereof.

Section 2: Severability.

If any clause, sentence, paragraph, section or part of any section of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy and in which such judgment shall have been rendered.

Section 3: Effective date.

This local law will take effect immediately on filing in the office of the Secretary of State.

CITY COUNCIL AGENDA

NO. 10 DEF	PT.: Department of Public works		DATE: July 20, 2018	
CO	NTACT: Ryan Coyne, City Engineer			
	Resolution to declare certain City o equipment as surplus.	of	FOR THE MEETING OF: July 26, 2018 RYE CITY CODE, CHAPTER SECTION	

RECOMMENDATION: That the City Council adopt the following resolution:

WHEREAS, the City has been provided with a list of City equipment identified as being obsolete or will become obsolete during 2018, and,

WHEREAS, the City Engineer has recommended that said equipment from the departments of the Police, Recreation, Fire, general vehicles and Public Works be declared surplus, now, therefore, be it

RESOLVED, that said equipment are declared surplus, and, be it further

RESOLVED, that authorization is given to the City Comptroller to sell or dispose of said equipment in a manner that will serve in the best interests of the City.

IMPACT:	Environmental 🛛 Fiscal 🗌 Neighborhood 🗌 Other

BACKGROUND: The City Engineer has provided a list of vehicles and motorized equipment that is either currently obsolete or will become obsolete during calendar year 2018. This list is inclusive of the Departments of the Police, Recreation, Fire, general vehicles and Public Works. The City Council is asked to approve that this equipment be declared as surplus.

See attached.

CITY OF RYE, NY Department of Public Works Memorandum

DATE: July 16, 2018

TO: Marcus Serrano , City Mana, C

FROM: Ryan Coyne, City Engineer

RE: Surplus Vehicles and Equipment

As discussed, we have developed a list of vehicles and motorized equipment that are no longer useful to City departments. This list is inclusive of the Departments of Public Works, Police, Recreation, Fire Department and Staff vehicles and equipment. We are requesting that the council deem these items as "surplus" so that we can proceed to auction.

Should you need additional information, please feel free to call me.

JOSH COHN MAYOR

July 20, 2018

By US Mail and Email

Senator Chuck Schumer U.S. Senate 322 Hart Senate Office Building Washington, DC 20510

Ms. Beatrice Pollard

beatrice pollard@schumer.senate.gov

Dear Senator:

The City of Rye, NY ("Rye") respectfully requests that you oppose S. 3157, the so-called "Streamlining The Rapid Evolution and Modernization of...Small Cell Deployment Act", a bill which was to be the subject of a Senate Committee on Science, Commerce and Transportation hearing on July 25, but now awaits later action. S. 3157 (the "Bill") would virtually eliminate state and local regulatory jurisdiction over small cell siting in our rights of way and deprive local governments of the right to charge reasonable fees for access to local rights of way, something to which municipalities have been entitled for generations. The wireless industry seeks, by federal legislative action, to convert public assets for private gain without paying reasonable compensation.

Please note at the outset, the word "small" in the term "small cell" simply refers to the area served, not the size of the equipment. A small cell may not be seen as small when installed next to a typical house or business, especially in a suburban or rural setting. This issue of scale is compounded by already existing federal regulations (under the "Spectrum Act") that permit aggregations of small cells in a single location ("collocation") without meaningful municipal review once an initial small cell installation has been permitted in that location. (Under 47 CFR 1.14001, a small cell site can grow beyond that originally municipally approved by an additional 10 feet in height and an additional six feet on each side without new municipal approval.)

Rye has direct experience with the wireless industry's attempts to deny municipalities even the most minimal regulatory oversight over siting of telecommunications small cell infrastructure. Rye is presently being sued by Crown Castle, infrastructure builder for Verizon Wireless. That litigation has been brought in an attempt to deny Rye any meaningful review over Crown Castle's proposed siting of almost 70 so-called "DAS nodes" throughout our City. Rye, like municipalities everywhere, should be able to review proposed installations to protect aesthetic resources, community character and neighborhood quiet (from noise emitting equipment), as well as to prevent damage to property values.

The New York State Legislature this past session rejected industry-sponsored legislation similar to the Bill that would have significantly impaired municipal jurisdiction, making clear that the New York position is that municipal jurisdiction over small cell siting and franchise fees is to be protected.

The Bill would impair important state and local rights that have long been protected under the Telecommunications Act and would make the FCC, not the Federal Courts, the arbiter of disputes between wireless providers and local governments.

The Bill would federalize jurisdiction over both small cell siting and franchise fees, giving an FCC that is hostile to local control the ability to pass regulations that would make local jurisdiction irrelevant. The Bill would impose unrealistic and arbitrary federal deadlines on any surviving municipal review authority.

The Bill's limitation on franchise fees would end an important source of local revenue. This deprivation of revenue would be especially damaging in New York against the backdrop of the harm already caused by the SALT deductibility limitation now in the Internal Revenue Code.

The City of Rye urges your consideration of the following propositions responsive to typical wireless industry rationales for legislation of the Bill's type:

-The purpose of the present wave of small cell installations is to surround customers with sufficiently strong 4G LTE (present technology) transmitters to make wireless a more effective competitor with cable and fiber to the home providers -- to encourage cord cutting and *ultimately place all data access in the hands of the wireless industry*.

-The purpose is not installation of next generation, mobile 5G equipment: 5G is in its infancy, its equipment is developmental (and may well be different in positive respects from existing small cell equipment) and 5G, in its likely long introductory years, will not be in a form suitable for mobile use.

-The purpose is not to bring broadband to underserved rural areas: small cells are efficient only where there are sufficient concentrations of customers to make short range equipment effective, in other words, in towns and cities.

-The purpose is not to bring the best communications technology forward: the potential transmission capability of fiber optic cable is far beyond the capability of wireless devices -- wireless devices are a limiting factor in data transmission and wired fiber optic connections should continue to have an important role, assuming fiber optic providers survive wireless industry assault.

-The recent end of net neutrality makes it ever more important that the federal government not facilitate oligopolistic control of data transmission by the wireless industry.

The City of Rye is hopeful that you will strongly and effectively oppose S.3159. We are grateful for your efforts.

Mayor

NO. 12	DEPT.: Boat Basin	DATE: July 20, 2018
	CONTACT: George Hogben, Boat Basin Sup	ervisor
ACTION: Commission, January 1, 20	One appointment to the Boat Basin by the Council, to fill a term expiring on 021.	FOR THE MEETING OF: July 26, 2018 RYE CITY CODE, CHAPTER SECTION

RECOMMENDATION:	That the Council appoint Mary Ellen Pilkington to fill the vacancy on the
Boat Basin Commission	h that will expire on January 1, 2021.

IMPACT:	Environmental	Fiscal] Neighborhood	Other:
---------	---------------	--------	----------------	--------

BACKGROUND: Mr. George Szczerba resigned from the Boat Basin Commission. The Boat Basin Commission has informed their membership of the vacancy. Two members expressed interest. The Commission discussed and met with the two individuals on July 16, 2018 and even though both were great candidates, the Commission has agreed to recommend Mary Ellen Pilkington to the City Council to fill Mr. Szczerba's seat. The term will expire on January 1, 2021.

Please see email from Mr. Hogben.

To: Marcus Serrano, City Manager From: George Hogben Ref: Boat Basin Commissioner

At the July 16th 2018 Boat Basin Commission meeting, the Boat Basin Commission appointed Mary Ellen Pilkington to fill the Commission seat of George Szczerba. The Commission is looking for City Council approval, for the appointment of the term which expires 1/1/2021. Thank you for your time in this matter
