### 3 Adoption of Minutes

3.1. The minutes of the meetings of May 4, 2019, May 21, 2019 and June 4, 2019 were adopted.

The minutes of the meeting of April 16, 2019 were tabled

Moved by Richard Falanka, seconded by Emily Hurd

ADOPTED

### 4 Public Comment on Non Agenda Items

4.1. Jamie Jensen of 588 Forrest Avenue in Rye distributed the results of an informal survey conducted by the Rye Town Park Alliance to the commissioners. She agreed to return later in the agenda when the item concerning revised fee structure will be opened for discussion.

### 5 Items of Business

5.1. Request from the Big Picture Foundation(BPF) for approval for a beach sculpting event on either June 22 or 23 from 9:00 AM to 1:00 PM. The event would be supervised by: Lisa Dominici, Nancy Pasquale, and Kim Tamalonis. The goal of the event is to raise awareness

Moved by Emily Hurd, seconded by Richard Falanka

APPROVED

5.2. Resolution: Authorizing a Grant Application to the Office of Parks, Recreation and Historic Preservation Exterior Historic Bath House

President Zuckerman introduced items 5.2 and 5.3, explaining that the first resolution, Item 5.2 is a historic preservation grant for \$600,000 to restore and stabilize the exterior of the bath house and Item 5.3 is a resolution to support submission of a \$600,000 grant to fund alterations to the Bath House that will make the facility's bathrooms and public offices compliant with the Americans with Disabilities Act. He invited questions from the Commission.

Commissioner Cohn expressed concern that these grants had not been approved by the Rye City Council or included in the City's 2019 budget. He said "We want to work with you so we do not overstep of our financial controls." President Zuckerman explained that these two grants were, in essence, the same applications that had been approved and submitted last year. He also pointed out that the matching funds for the grants, if either one is awarded, will not be needed until fiscal year 2020 at the earliest. Commissioner Cohn replied that once we apply, everyone on the commission would want to honor our commitment if we receive the grant.

Commissioner Falanka asked for clarification of the capital expenditures obligations of the Town and City, respectively. President Zuckerman explained the Town is responsible for just over 60% of capital expenditures and the City for just under 40%.

Commissioner Cohn said he was under the impression that the City's share was 40% and 20% was the obligation of each Villages and the Town. But President Zuckerman referring to the New York State statute 711 by which Rye Town Park was formed, explaining that the entire 60% share is borne by the Town and not its constituent villages. He further stated that the Town is prepared to bond its share of the capital obligation for the Bath House restoration.

Commissioner Cohn recalled that he had previously asked for a capital plan and a list of all of the grants we will be going for because \$500,000 is not a sum of money that can be taken lightly. "We don't apply for grants unless we think we are in a position where we can fund our match."

Commissioner Hurd commented that this is a topic she has been mentioning with some regularity. She questioned why are we spending money on a roof. Commissioner Cohn

agreed and observed that we put one million dollars into the tower building and don't know the purpose to which we are putting the building to use.

President Zuckerman replied that the Commission is not now focused on putting any money into the tower building. We are concentrating on the Bath house building to make it accessible and functional for park staff and bathrooms for the public. This has been the consistent goal since last year.

Commissioner Hurd responded that that was when we assumed the bath house roof was a \$300,000 project. And now the cost has doubled. And now we are in it, this begs the question of whether we would preserve the rest of the buildings.

Commissioner Falanka stated this application is due by July 26th. Are you committed to be part of this application? He stated his position that is for applying for the grant. The condition of the buildings isn't good. He also believed Mayor Cohn has to have the opportunity to go through this with his board.

Acting Commissioner Jackson stated her belief that the women's room is in terrible shape and that if it is improved more residents will use it. She suggested that the financial burden could be budgeted by the city over two years to reduce the financial burden.

Acting Jason Klein stated his position explaining that in his work we deal with historic properties in varying states of distress. He urged the commission to act quickly. The longer you wait, the more the project is going to cost.

Commissioner Cohn stated that when he votes to say go, he wants his colleagues on the commission to know the City will fund its part. He asked for time for the City Council to work through the issue before he and Commissioner Hurd cast their votes.

It was agreed that Items 5.2 and 5.3 would be tabled

- 5.3. Resolution: Authorizing a Grant Application to the Office of Parks, Recreation, and Historic Preservation Interior Historic Bath House
- 5.4. Tree Clearing and Stump Grinding "Piggyback" on Village of Rye Brook Bid# 17-05

5.5. Report from the Barley Beach House

Proprietors Bobby Harris and Chris Surace presented with the assistance of their architect Peter Dusenberry. First they thanked the commission for adopting a two-hour time block which was very helpful for the restaurant's patrons. Next they reported that they have ordered an inventory of beach chairs and sand umbrellas for rental by the park's patrons. They described their plan to begin with a modest number of chairs and then to order more based on demand. They next presented a site plan of their proposed beach bar space. After much discussion President Zuckerman stated his position that the space be reduced in size. Commissioner Falanka agreed.

By voice vote the Commission unanimously approved the Barley Beach House plans for a beach bar as amended

5.6. Rye Town Park Alliance Co-founder Jamie Jensen was invited to return to the podium

Ms. Jensen: Began by commending the work of the parking solutions committee and the great job done by the staff to think through implementation of the system. She pointed out that the adequate signage was not there and hoped this would follow.

Ms. Jensen then presented the results of the poll she had circulated and from which she drew three conclusions. These boil down to the feeling among resident that the RTP's new policy is not family friendly. She elaborated by asking, "How can you look at charging resident seniors only \$30 for a season permit and then look at an 18 year old and tell that person you have to pay \$150?" She went on to discuss the plight of working parents whose children are not permitted to enter the beach without a guardian until they age 16. She questioned if the RTPC was encouraging the coddling of the community's kids. She recommend lowering the age of unaccompanied beach admission to 13.

Lastly, Ms. Jensen pointed out that many local pools allow childcare workers to accompany children without having to pay full fare. She asked the Commission to consider changing this policy for its family passes.

President Zuckerman invited comments.

Commissioner Hurd pointed out that Rye Town Park seems like a natural meeting place but voiced the concern that 13 is the right age. She observed the Rye YMCA has a care giver option and stated the position that she supported including college age dependents.

Commissioner Falanka recalled how he had enjoyed the beach as a teenager and voiced support for all three recommendations. He also voiced great concern that the beach be a place that is pleasant to visit. Especially when we put out a big fee for a permit that people from Port Chester cannot afford. They pay as they go. While RTPC has to meet payroll and its other expenses, we will have to continue to work on this.

Acting Commissioner Jackson said she agreed whole heatedly that residents to take ownership by taking the effort to pre-register in order to qualify for lower resident rates. She said she understood there are some complaints with a new system but that is to be expected. She then said she was impressed with electronic system. As for 3 suggestions, I do like including college-aged students. The caregiver issue is a separate debate. She voiced support for lowering the age of unaccompanied admission.

Don Sandford of 14 Browndale Place in Port Chester the got up to speak. He asked the Commission to think about a young man who can get up a and get himself to the job and can't go to the beach. Mr. Sandford's son is such a young man at the age of

Commissioner Cohn stated his support for including college-age dependents on family passes. He also said the caregiver permit sounds like a great idea.

President Zuckerman concluded by observing that the commissioners seem to all in agreement about college age dependents. He was not sure about unaccompanied teens and what the right age would be. As for including caregivers on permits, he wondered how do other facilities handle that? Who do you call a babysitter? Do they get their own pass?

Mr. Sandford offered to send staff information about how the Rye Y handles its caregiver policy.

President Zuckerman then posited three rule changes for a vote by the commissioners:

1. That college-age dependents be included in family season permits;

2. Children of 14 will be permitted onto the beach without a parent;

3. Caregivers will be included on season permits as soon as how this policy can be implemented is clarified.

On a motion by Commissioner Falanka and seconded by Commissioner Hurd the new policies were approved by unanimous voice vote.

5.7. Authorizing the Rye Town Park Commission to receive a one-time, 60-day funds advance from the Town of Rye in the amount of \$122,326.03 for certain short-term capital expenditure needs, and setting forth interest and repayment terms for same.

President Zuckerman introduced the next resolution and explained the rationale behind it.

Commissioner Cohn said it came as a surprise to him and Commissioner Hurd that the City's finance department had received an invoice for capital expenses from the Rye Town Park Commission. He added that he had a word with City staff and reported that they had not had a chance to consider it. He stated that he was comfortable voting for this resolution as long as it was understood that his vote was without prejudice as to the City's staff judgement about the invoice.

5.7. Request from Port Chester Youth Baseball to waive parking fees for its year end BBQ event

Debbie Reisner spoke on behalf of the PCYBL. The organization is paying the nonprofit rental fee rate for the event and has requested that parking fees be waived as in the past. The non-profit parking rate is \$2.00 per car.

**ON a motion** by Acting Commissioner Souza, Seconded by Acting Commissioner Mecca, the Commission agreed to waive the fees.

5.8. Management Report

Secretary to the Commission Debbie Reisner began her report with a commendation of the entire staff. The planning leading up to the 4th of July weekend was thought out and given much care. The 4th of July was without incidents, without chaos, and was extremely successful.

Elizabeth Orgall, a non-resident, got up to speak. She said that the diversity at the park has greatly decreased because the fees were so high. She noted that it is hard for low income residents of Port Chester to afford to go to Rye Town Park. Ms. Orgall added that the 4th of July was so smooth because no one can afford to go to the beach.

Aylone Katzin, Town of Rye Program Administrator, provided the Commission with a financial analysis of parking revenue and beach permits.

3.2. Resolution to Approve Concession Agreement Amendment No. 1 Between the Rye Town Park Commission (RTPC) and 94 Dearborn, LLC to establish a Beach Bar for the Purposes of Serving Alcohol to Beach-going and Restaurant Patrons.

Following discussion, the Commissioners determined to adopt this resolution, so as to permit the Barley Beach House to move forward with the beach bar, but to re-visit the terms of the concession agreement amendment at the August meeting.

Phillip Horner, of Rye Neck, addressed the Commission. He noted that he sent an Email to Mr. Zuckerman about the Beach Bar. Mr. Horner's concern is that the demographic and nature of the beach is being changed. The fee schedule was drastically changed and now a beach bar will be added. He noticed that there are fewer children at the beach and the mix of people is not the same. Overall, he does not agree with the addition of the beach bar and would like the Commission to make decisions consciously.

## Resolution to Approve Concession Agreement Amendment No. 1 Between the Rye Town Park Commission (RTPC) and 94 Dearborn, LLC to establish a Beach Bar for the Purposes of Serving Alcohol to Beach-going and Restaurant Patrons.

**ON a motion** by Commissioner Falanka, Seconded by Commissioner Salanitro, the following Resolution was adopted:

**WHEREAS**, the Rye Town Park Commission (RTPC) and the Concessionaire (94 Dearborn, LLC) entered into a master Concession Agreement on April 20, 2018; and

**WHEREAS**, the Concessionaire has proposed and the RTPC has agreed to expand the Concession space to include a defined portion of the beach area directly in front of the snack bar for the controlled services of alcoholic beverages; and

**WHEREAS**, the specific terms and conditions for said concession expansion are contained within the attached "Concession Agreement Amendment No. 1" which has been negotiated and reviewed by counsel for both the RTPC and the concessionaire; now therefore be it

**RESOLVED**, that the RTPC hereby authorizes the execution of the above-referenced concession agreement and upon full execution by representatives of both the RTPC and the concessionaire, said amendment to the master concession agreement shall become effective for the term of the current beach season with an annual renewal the next beach season unless terminated by the Commission in accordance with said amendment.

## Resolution Approving a Change Order for the Rye Town Park Bathhouse Roof Replacement

**On a motion** by Commissioner Falanka, Seconded by Commissioner Salanitro, the following Resolution was adopted:

**WHEREAS**, during the course of demolition, the structure of the roof framing and select areas of the masonry walls were found to be extensively deteriorated and unstable resulting in additional scope of work; and

**WHEREAS**, the Rye Town Park Commission's architect, Lisa Easton, has recommended the following repairs and suggests they are reasonable, the costs associated with same include:

Additional	94,030
carpentry work	54,050
Additional	
masonry work	213,836
Credit	50,162
Credit Discount	50,162 40,000

**NOW THEREFORE BE IT RESOLVED**, that the RTPC hereby authorizes its President, Gary Zuckerman to approve the above-described change order not to exceed \$217,696, or such lesser amount as may be agreed upon pursuant to the terms above and scope of work more fully described in the memo of Lisa Easton dated July 15, 2019.

# Resolution Authorizing the Rye Town Park Commission to Award the Contract to Reconstruct the Dearborn Avenue Seawall to MTS Infrastructure LLC

WHEREAS, in 2012, Superstorm Sandy, struck the Eastern Seaboard of the United States, severely damaging the Dearborn Avenue Seawall which is part of Rye Town Park (Oakland Beach); and

**WHEREAS**, the Rye Town Park Commission (RTPC) has solicited bids for the seawall's reconstruction and on July 24, 2019 received four (4) bids for the project; and

**WHEREAS**, said bids were evaluated for price and competence by Dolph Rotfeld Engineering, P.C., a Division of AI Engineers, Inc., P.C. of 570 Taxter Road, Suite 300, Elmsford, NY 10523;

**WHEREAS**, the lowest responsible bidder is MTS Infrastructure LLC of 774 North Bedford Road in Bedford Hills, NY; and

**WHEREAS**, said lowest responsible bid came in at \$1,350,385.00, for the scope of the project which includes considerable masonry stone work; and

**WHEREAS**, it is the sense of the RTPC that the firm of MTS Infrastructure LLC should be awarded said contract under the terms of the related Request for Proposals (RFP); and now therefore be it

**RESOLVED**, that the RTPC hereby awards the above-described Dearborn Avenue Seawall reconstruction project to MTS Infrastructure LLC which shall commence work on said project as soon as practicable.

## Rye Town Park Development Management Report Thurs July 11 - Thurs Aug 15, 2019 Next RTPC Meeting: Tuesday, Aug 20, 2019

## 6pm at the Port Chester Court House

Highlight – "We are # 1" The nonprofit organization Save the Sound released results of its "Long Island Sound Beach Report" on August 2, 2019. The report highlighted the "Top 20" beaches on Long Island Sound based on water quality, and for the first time, presented comprehensive grades for 204 LI Sound swimming beaches in New York and Connecticut. *Rye Town Park's beach was ranked # 1 in the New York category*.

**Personnel –** Courtesy of **RTPC**, we enjoyed a Staff party on the beach July 24<sup>th</sup> attended by more than 50 **RTP** employees from all departments; a good time was had by all. Kudos to **RTP** employees Karissa Sprague, Brittany Bunjaporte & Kaylan Pinnix for their help in planning, organizing and supporting the event.

**Park Programming:** Beach Volleyball ended another very successful season on Monday Aug. 12<sup>th</sup>. Barley Beach House (BBH) has embarked on an umbrella and beach chair rental operation. The OWS program continues to be well received as evidenced by greater participation on all three of the days. Daily attendance has been averaging 20-30 swimmers. **RTP** Waterfront Staff has been extremely helpful managing and caring for OWS participants. Tuesday morning Storytime continues through August 27<sup>th</sup>.

**Park Maintenance -** The park maintenance and grounds staff continue to work hard every day cleaning, maintaining, repairing and upgrading all of our features. A two-page article about the park's renovation projects and goals, appeared in the Aug 9 issue of the Westmore News. The bathhouse roof renovation project continues to be stalled to the point that there has been no work completed for the past 7 weeks. Park staff has done their best to maintain appearances and operational functionality while the project is stalled. Much work has been completed cleaning, repairing and repainting features at park & beach entrances. On July 28<sup>th</sup> we experienced a very brief electrical power 'blink' due to a transformer/wire incident on Forest Avenue. Park operations were not impacted at all, however, BBH experienced a greater impact sustaining a prolonged partial outage. Restaurant operations were curtailed for a few hours until full power was restored. BBH staff reports that since the 7/28 incident, they continue to be affected, mostly confined to their exhaust hood system. They are working with Con Ed and private contractors to resolve this condition.

**Pond, Lawn and Tree Care –** Regularly scheduled applications of DEC approved Citrine have been effective in controlling algae in the pond. Treatments have continued and all (4) of the pond appliances are now working optimally. A number of storm drains in the vicinity were at least partially restored, having a positive effect in the area. The area in question will continue to be monitored for the remainder of the season. A large branch came down in the July 18

storm, destroying one of the teak benches in the NW corner of the park. The bench in question was memorialized by FRTP who have been notified as to how they would like to proceed with replacement.

Many new plantings, salvaged from Crawford Park, have been transplanted to the beds in front of the tower building.

We are working to clarify which (if any) additional tree related services could be provided by Bartlett Tree Experts, possibly in coordination with FRTP. In particular, we need to a make a decision to get the needed deep root fertilization in a timely manner. Emerald Ash Borer treatments that were underwritten by the FRTP in the past will now be covered by the RTPC. Other tree care concerns are having replacement identification discs installed according to the Arborscope database.

**Natural History -** As mentioned at the beginning of this report, the non-profit Save The Sound organization in honoring the best LI Sound beaches, seeks to raise awareness in Sound Shore communities as to how we can improve our wastewater and stormwater discharge protocols.

**Parking/Security/Safety -** Permit sales "officially" ended mid-July however OWS and Pre-Registered Resident Day Pass issuances have continued. Additional traffic signage for parking area(s) has been delivered and installed. A new traffic pattern was put into effect on August 5<sup>th</sup>. Additionally, we have taken delivery of multiple signs to: clarify the new parking process; display daily rates; provide direction to pay stations. All will be installed in the days to come. To date, the 2019 season has been free from incidents requiring RPD assistance.

## Park Development/Finances -

A new 22x34 graphic locator map was completed and is currently on display in the main kiosk opposite the bathhouse; another is mounted on the center doors of the Admin. Bldg. Additional copies will be displayed in strategic locations throughout the park.

## **Events/Publicity:**

Tuesday & Thursday evening music series' have ended for 2019. The long running popular (Tuesday) music series enjoyed another year of great success with some bands playing for as many as **150** listeners. The newly created Jazz (Thursday) series despite some meteorological challenges seemed to have gained some traction with our patrons. The final performance of the series was well attended by more than 75 listeners.

Oakland Beach had its second annual sand sculpture program on July 20. Despite the extreme heat, about 25 people participated. Barley Beach House donated refreshments in support for the participants.

The previously postponed outdoor movie and magic show took place under the pavilion, on its scheduled rain date. This is the first time we adapted the event to be an 'indoor' event to account for some inclement conditions. Despite the dreary weather it worked out well, so we now know that we have a backup plan for the future.

The new sculpture (Windows II) installation is complete and people are actively putting the interactive swing component to the test on a regular basis. The outdoor sculpture Committee in conjunction with Rye Arts Center (RAC) held an "opening" reception in July. The committee is currently working with another artist for a potential sculpture installation in the Fall.

The weather smiled on Shakespeare, with the Lawnchair Theatre holding two showings of "Much Ado About Nothing." About 150 people attended each event.

### **EXAMPLE WINNER LETTER**

November 2019

Port Chester/Rye Brook/Rye Town Chamber of Commerce Annual Dinner Dance Raffle Prize Rye Town Park - 2020 Season Family Permit

Dear Raffle Winner:

Congratualtions! You have won a Family Permit to be used during the 2020 Season – valued at \$225!

Your permit entitles two adults and any children under the age of 22 to free beach access and free parking for the entire season!

To set up your family permit, please visit the park's permit office located in the administration building at Rye Town Park, 95 Dearborn Avenue in Rye. The permit office will open in early May of 2020. You will have until the end of July to apply for your permit.

Please bring with you:

- Drivers License
- Proof of Residency
- Vehicle Registration (for up to 4 vehicles)

\*A Family Permit allows for 4 vehicles to be registered with the Permit, however, only 2 vehicles can be in the park at one given time.

All individuals that will be included on the family permit should be present at the time of registration so photos can be taken.

For further information about the park, please visit the Parks website: www.ryetownpark.org.

You can also call the off-season phone number (914) 939-3075 ext. 101.

The Park's off-season office is located at the Town of Rye, 222 Grace Church Street, 3<sup>rd</sup> Floor, Port Chester NY 10573.

This prize is non-transferrable.

Commissioners Paul Rosenberg Benedict Salanitro Richard Falanka Josh Cohn Emily Proskine Hurd
